Youth does not fail to respond, nor old age to evince an active interest in the mellow music of the glad wedding bells. It is so much a part of the every day human experience to note the hearty enthusiasm of bachelors and bachelorettes that it occasions no remark.

But when aged people, with hairs whitened by the frosts of many winters, with a long life of experience, with loving memories of conjugal felicity, when such a couple approach the marriage altar we pause to note the living evidence of that principle implanted in the human heart, which in the long, long ago was voiced in the words, "It is not good for man to be alone." Such an event took place in the home of Nick Murray, the 28th ult., the occasion being the marriage of Mr. Murray's mother, a sprightly, vigorous widow of 70 years, to Mr. John Young, a solid, substantial farmer widower, who has travelled on this earthly pilgrimage for nearly eighty-one years. The ceremony was performed by Rev. Warner, of the M. E. church of this city. A few friends only were present. After the ceremony and the wedding feast, the happy couple repaired to the home of the bridegroom, there to renew the happy experiences that had dwelt only in their memories for many days. The Sisters congratulated them and trusts that many years may be left them to enjoy each other's society in the sacred relation of husband and wife.

A Boston girl who recently found a burglar under her bed did not faint, scream or throw a word of five syllables at the intruder. She simply cocked a revolver, told him to "get," and he got.

Claus Spreckels, the Sugar King, offers to build an addition to the White House made of beet sugar. He claims that it will be whiter than the whitest marble and can be furnished at just one-half the price. He also says that it is absolutely insoluble in water and can not be injured by rain or water.

Cattle—The market has been in a state of depression this week and we note a slight decline in prices for nearly all goods. There has been continued activity in the demand on export account and the demand from other sources, also was good, and at the reduced prices most of the stock was worked off on the day of arrival. Sales were made all the way from \$1.50 for "rubbish" to \$4.75 for \$2.86 for extra, though probably three-fourths of the trading was done at \$2.00 for cows and bulls. \$3.00 for steers and dressed beef steers, and at \$2.50 for range cattle. Receipts for range cattle were moderate and there was but little change in prices as compared with those current at the close of the previous week. Hogs—There has been no life in the hog trade, and prices are weak. The quality of the hogs now arriving is not quite as good as it was a short time ago, but is still very much better than the average for the time of year.

garding the future of prices, there appears to be but one opinion, and that is that they will rule very low—lower than for a number of years. We now quote at \$4.25 for light, \$3.50 for rough packing, \$3.25 for extra, and \$2.50 for heavy packing and shipping lots.

WE HAVE

an immense stock of goods, an elegant line of Boots and Shoes, Clothing, Dress Goods, Hats, Gloves, Carpets, Trunks, Hardware, Groceries, Wagons, Harness, etc., etc. We thank you for the patronage you have given us, and ask the pleasure of showing you our Fall and Winter Stock. Mr. Benton's Colt show by Scottish Lad, was a magnificent success. Thirty colts were entered and the contest for the prizes was a spirited one. It was no easy task for the judges to decide—any colt was a beauty and to the average observer every one was entitled to a blue ribbon.

The premium was finally agreed upon. The first premium to James Kusel; 2d to John Taylor and 3d to Herman Watson. Mr. Benton is pursuing the proper course in having these annual colt shows, and we trust other stock breeders will proceed at once and do likewise.

On the first of the month several of the members of the Farmers' and Mechanics' Life Insurance Co. of this place, met and agreed to send Hon. J. W. Alexander to St. Louis, to examine into the status of the company. Last night they met and heard Mr. Alexander's report. The members present voted to not pay any more assessments and quit. Mr. Alexander reports the books of the company in good shape, the money all right, but the institution is so deeply in debt that the assessments will have to be \$5 a month for some time to pay out.—Gallatin Missourian.

The thieves seemed to make a general raid last night, for in addition to the depreciations committed as narrated in another column, they entered John Moore's house, taking therefrom a watch; also Joseph Northcutt's residence, securing from him over \$16 in money; and the dwelling of Circuit Clerk Smith, where they only got about a half dozen jars of fruit. Mr. Smith got out after the burglar with his pistol but was unable to get near enough to warrant shooting.

The very old measures are justifiable in dealing with such gentry, and we trust they may be caught and punished to the extent of the law.—Maryville Republican.

The "Wilson's Specific" base ball nine of St. Joseph will play the Oregon "Azureines" at the park in Oregon next Saturday afternoon, September 7th, 1889. This club has been re-organized, and is now under a new management.

Our people, being disappointed by this club on two previous occasions may think that they will disappoint us again, but we can assure all that such will not be the case and that the members of this club were not to blame, as they had never been notified by their manager that they were to play in Oregon. We trust the lovers of base ball will turn out. They put up a good game, of ball. Game will be called at 4 o'clock p. m. Admission, 5 and 10 cents. Dave Anderson will umpire the game. Be sure and go.

Miss Lulu Dohy gave a large party on last Wednesday evening in honor of her friend, Miss Mamie Ryan, of White Cloud. The whole society population of Oregon was there, none being intentionally omitted from the list. The beautiful lawn of the Dohy house was brilliantly lighted with Chinese lanterns and everything took an air of gaiety and mirth. The guests were highly entertained by their accomplished hostesses and indulged in social games, chats and amusements until a late hour when a refreshing luncheon was served, consisting of cream, cake, etc. All expressed themselves as having had a grand time. At 11 o'clock the guests took their departure bidding the hostesses a long goodbye, for Miss Lulu takes her departure for Hannibal for the winter to attend the Conservatory of Music and Miss Ryan is to attend Washburn University at Topeka this year.

Murray: "The Temple of the Muses, which was so great an object of interest, contained the finest collection of fruit ever placed on exhibition. The exhibitor, Mr. N. F. Murray, of Eliza Grove, Holt county, this state, has a horticultural show of his own. Nothing like it has ever been seen in the west, excepting possibly the Arkansas Valley exhibit at St. Louis in 1884. The collection of fruit consists of apples, plums, peaches, grapes, persimmons and currants." Mr
